

Engine Management Program

“ The most extensive range of EFI & Engine Management components in the Australian Aftermarket with over 50 Product Categories ”

PAT Overview

Premier Auto Trade offers Australia’s most extensive range of Engine Management Components. PAT have over 10,000 EFI and Engine Management Product lines.

PAT distribute product from the World’s Leading manufacturers, and continue to focus on Premium and original equipment (OE) products.

Some companies supply products they claim offer the functionality of the quality brand product, but without the support and peace of mind the leading global manufacturers like Delphi, Bosch, Pierburg, VDO, Hitachi, Valeo & Denso can offer, is it really worth the risk?

PAT RANGE

FUEL	IGNITION	EMISSION	SENSORS
<ul style="list-style-type: none"> • Electronic Fuel Pumps • Mechanical Pumps • Petrol Injectors • Diesel Injectors • Fuel Pressure Regulators • Fuel Pump Strainer • Fuel Rail Sensor • Fuel Rails • Fuel Temp Sensors • Injector Feed Line • Injector Service Components • Suction Control Valves 	<ul style="list-style-type: none"> • Ignition Coils • Hall Sensors & Pickups • Ignition Distributors • Ignition Modules • Ignition Lead Sets 	<ul style="list-style-type: none"> • Variable Camshaft Actuators • Idle Speed Control Valves • Throttle Bodies • Throttle Position Switches • Air Flow Meter • Electric Valve Solenoids • Exhaust Gas Recirculation Valves • Intake Control Valve • Map Sensors • Variable Intake Manifolds • Exhaust Gas Oxygen Sensors • Exhaust Gas Temp Sensor • Exhaust Pressure Sensor 	<ul style="list-style-type: none"> • Cam Angle Sensors • Crank Angle Sensors • Air Temp Sensors • Brake Pad Sensor • Coolant Temp Sensor • Knock Sensors • Oil Pressure Sensors • Oil Temperature Sensors • Speed Sensors • Wheel Speed Sensors • Oil Level Sensors • Stop Light Switch • Accelerator Pedal Sensor • ABS Modules • Connector Plug Sets • Electric Water Pumps • Electronic Control Unit • Heater Fan Resistors • Power Steering Switches • Relays • Water Temp Sender

“ AAE will stock a huge range of Premium Quality OE Engine Management and Service Components ”

QUALITY COMPONENTS

Can I only get Premium & OE Products from Dealers?

Often workshop owners are led to believe that OE products are only available from the dealer; this is not the case. When the part you purchase comes in a box with the vehicle manufacturer’s logo on it, you naturally assume the company designed and made the part. But that is not usually the case.

Many OE products are available from your regular parts supplier; you may just need to ask.

PREMIUM BRANDS

Manufacturers PAT include in the Premium Range:

MVP RANGE

“ The PAT MVP Range includes High Quality Aftermarket products with a focus on Value”

- Motor Vehicle Parts (MVP) Brand by PAT
- May include alternative products from Premium Manufacturers where an OE or other Premium product is available.
- Offered to satisfy competitive factors or OE product unavailability
- MVP by PAT Packaging
- Warranty – 1 Year PAT

RACING & PERFORMANCE PRODUCTS

High Quality High Performance products designed for extreme performance and race conditions including :

- Fuel Pumps and Injectors
- Fuel Pressure Regulators
- Air Filters
- Boost Controllers
- BOV / Bypass Valves
- Hose and Fittings
- Silicon Hoses
- Accessories

RACEWORKS

Raceworks is a new range of products marketed by Premier Auto Trade for the Racing and Performance market.

- Hose and Fittings
- High Performance Fuel Pumps
- Silicone Hoses
- Fuel Rails
- Pump Brackets
- Fuel Injectors
- Sensors
- Connectors and more

All Raceworks Products are High Quality with a 2 Year Warranty

PLUSQUIP

PlusQuip is a range of quality workshop equipment suitable for the testing, repairing and replacing of automotive engine management and EFI components
